SVEN

GET SVEN

This is a two player game. Take turns drawing lines between two circles. If you draw a line that makes a square, put your initials in it and give yourself 1 point. If your square has Sven in it, give yourself 3 points. When no more squares can be made, the person with the most points wins!

PENGUIN FACTS

- Penguins spend as much as 75% of their time underwater, searching for food in the ocean. When they are in the water, they dive and flap their wings. It looks just like they are flying!
- Emperor penguins live an average of 20 years.
- Penguins rub oil from a gland onto their feathers to help make them waterproof and windproof.
- Groups of penguins huddle shoulder to shoulder with their wings tight against their body keeping each other warm. As many as 5,000 penguins will bunch together to warm each other up.
- Penguins are shaped like a torpedo. Their body is built for the most efficient swimming with their average speed in the water being about 15 miles per hour.
- Rockhopper penguins can bounce up to 5 feet!
- Penguins lie on their belly and toboggan through the ice and snow. This helps them move quickly.
- Penguins are often seen surfing through the waves onto land.
- The perfect rock is a rare treasure, used for penguin's nests. They'll often fight over or steal each other's stones!
