Introducing: Noir – the design of darkness. Inspired by classic interior designs and architecture, create dramatic bathroom themes with two stunning furniture styles alongside matt black brassware and fittings.

Perfect for bold, modern spaces, Noir gives you the freedom to unite your bathroom space with monochromatic metals and warm wooden finishes, from taps to basins and shower heads. Yet within the one collection, you can choose from two distinctly different looks – Craft's mid-century styles or Frame's fierce architectural forms.
