How to use	Apply to the fingertips and gently massage over the face, neck and décolleté. Sweep away with damp cotton wool or rinse with warm water.	Apply 1-2 pumps to damp skin. Work up to a lather then rinse away with warm water.	Warm and soften a small amount of balm between your fingertips, gently massage onto a dry skin, then apply water to transform into a rich cream and rinse away with warm water or a damp face cloth.	Apply onto dry cotton wool pads and sweep over the face, neck and décolleté and repeat until all make-up and impurities are removed.	Use daily, smoothing a small amount over the face, neck and décolleté. Moisten with warm water and massage lightly in circular motions until the Jojoba Spheres melt, then rinse thoroughly with water or a damp face cloth.	Melt between the fingertips then apply to a dry skin and massage in. Gently add water which will transform the gel into a rich milk and rinse away with warm water or remove using a warm face cloth.	Apply 1-2 pumps into the palms and mix with warm water to transform the gel into a foam prior to cleansing the skin, then rinse away with warm water.	Warm the cleanser between your fingertips and apply onto a dry skin. As you work the balm onto the skin, feel it transform into an oil, then apply water to transform into a milk and rinse away with warm water using a damp face cloth. Sensitive skin – soak the cloth with tepid water rather than warm water.	Use once a day, either in the morning OR evening. Apply to the face, neck and décolleté. Massage over damp skin in circular motions, remove with the cloth included. For an intensive weekly treatment apply to dry skin and leave for 3 minutes before adding a little water. Lastly, massage and remove as above.	Warm the cleanser between your fingertips, then smooth over the skin massaging in small, circular motions as the cream melts into a lipid rich oil. Moisten fingertips with warm water and continue to massage the skin before removing with a damp face cloth.	Apply 1-2 pumps to damp skin. Work up to a lather then rinse away with warm water.	Apply 2-3 pumps of the oil onto palms before massaging gently over dry skin, including the delicate eye area, to remove any makeup and mascara. Add a little water to create a second milky cleanse before sweeping away with warm water or a damp cloth.
