For starters, there are 30 beautiful matt shades in the range, spanning the spectrum from calming greys to warm Mediterranean hues, so you're sure to find a colour you'll love. Secondly, these clever paints are touch dry in just two hours so you won't be hanging around watching paint dry (for too long, anyway!). They're also formulated to be brilliantly multi-surface, so they'll happily cover walls, woodwork, ceilings and even primed metal.

And, best of all, they have a durable – and washable – finish with built-in stain-repel technology, so any marks that do end up on the surface can be simply wiped away. Now that's colour confidence in a tin!
