TAKING CARE OF BUSINESS

Check off your organization's gift list and get back to what you do best.

When the first Hotel Chocolat store opened in 2004, it began a revolution in British chocolate. Today, we have more than 100 stores, as well as cafés and restaurants. That includes locations in the UK, Ireland, Japan and the US, and our boutique hotel and restaurant on our organic cacao Rabot Estate, Saint Lucia.

We've always remained committed to our three driving principles: originality, authenticity and ethics. Find out more: us.hotelchocolat.com/our-story.list

For all this time, we've also been working closely with businesses of all sizes, helping them to make an impression on clients, motivate staff, reward loyal customers and mark their own achievements. Whatever your business needs – big or small, off-the-shelf or customized – we have an experienced, dedicated advisor who will be there every step of the way.

THE VELVETISERTM

Barista-grade hot and chilled drinking chocolate and chocolatey lattes, at home.

We knew we wanted to precisely engineer something that would deliver cacao and coffee depth, plus a cloud-like, velvet texture, from the first sip to the last. A machine that could create a new kind of latte, that outstripped even café-quality hot and chilled drinking chocolate. We give you our barista-grade drinks machine, for your home. Pour in milk. Add single-serve. Press button. It's that simple.

The Velvetiser: imagined by Hotel Chocolat, engineered by Dualit.
