hotelchocolatusa.com

When the first Hotel Chocolat store opened in 2004, it began a revolution in British chocolate. Today, we have more than 100 stores as well as cafés and restaurants. That includes locations in the UK, Ireland, Copenhagen, Japan and the US, and our boutique hotel and restaurant on our organic cacao estate, Rabot 1745, Saint Lucia.

It's been a busy 15 years, but we remain committed to our three driving principles: originality, authenticity and ethics. Find out more: hotelchocolatusa.com/ourstory

For all this time, we've also been working closely with businesses of all sizes, helping them to make an impression on clients, motivate staff, reward loyal customers and mark their own achievements. Whatever your business needs – big or small, off-the-shelf or customized – we have an experienced, dedicated advisor who will be there every step of the way.

Made in 2.5 minutes, in your Velvetiser.

We knew we wanted to precisely engineer something that would deliver cacao *and* coffee depth.

A machine that could create a new kind of latte, that also outstripped even café-quality hot chocolate. We give you our barista-grade drinks machine, for your home.

Add milk, sprinkle single-serve, press button; 2.5 minutes later, pour (at perfect drinking temperature). The Velvetiser: imagined by Hotel Chocolat, engineered by Dualit.
