

How to make a christmas tree

① What you'll need...

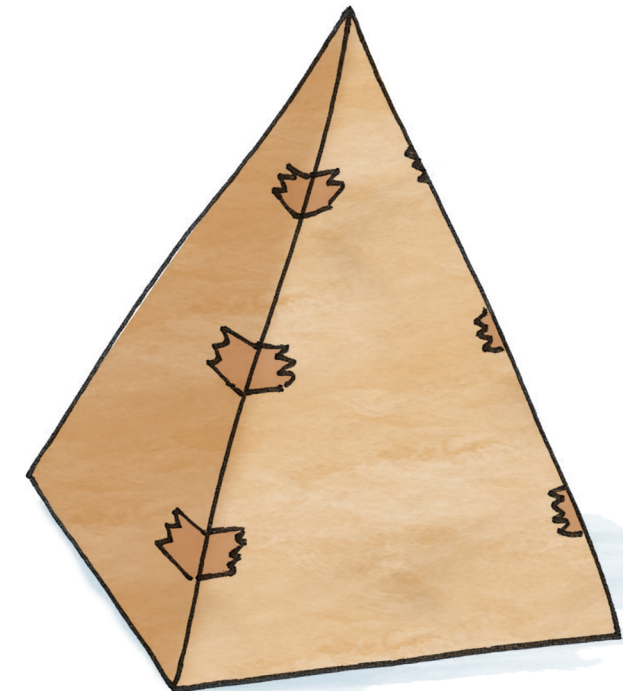

②

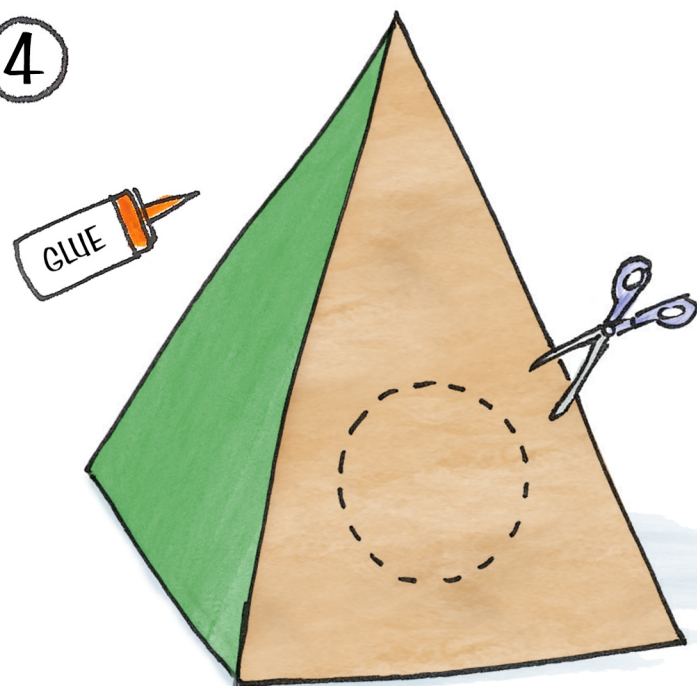

Draw and cut out 3 triangle panel shapes and cut out square panel for base of box.

③ Stick all the sides together to build the Christmas tree base.

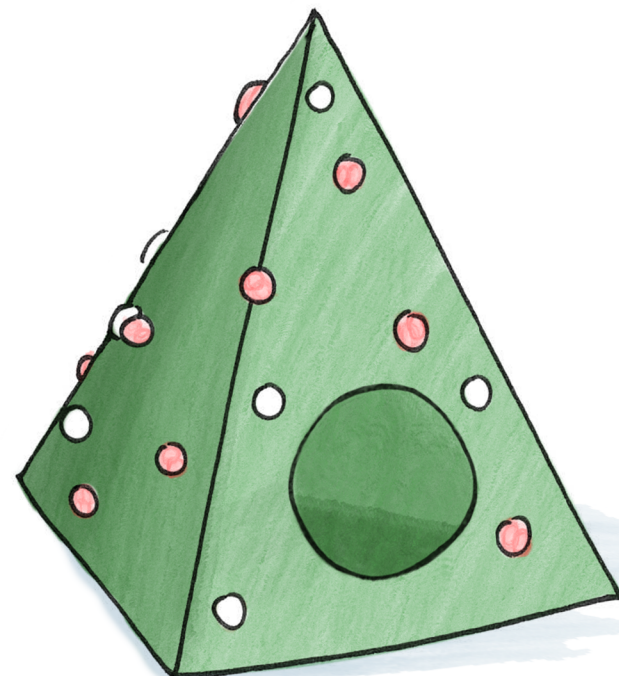

④

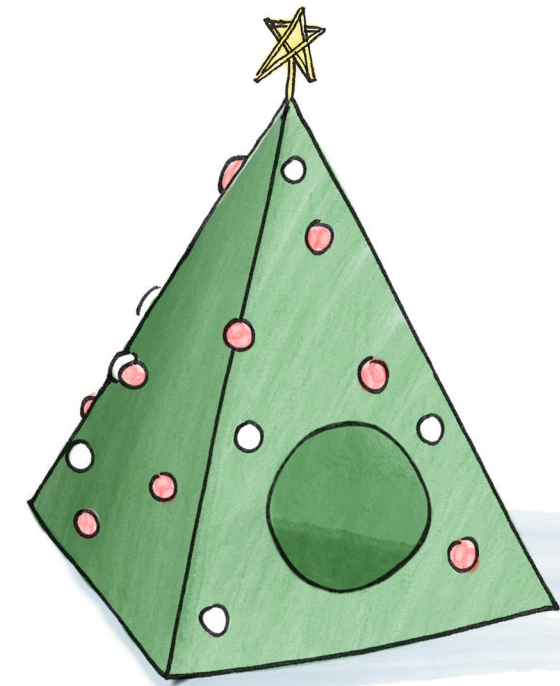

Cut out a circular hole on one of the sides, and add green card to the outside of the box for the tree.

⑤

Attach the colourful pom poms with glue to look like Christmas tree decorations.

⑥

Craft the sticks into a star design and attach to the top of the tree with tape.
