ATMOS AMBIENT COLOUR CHANGE LED MIRROR INSTALLATION INSTRUCTIONS

Installation procedure

1. Open the carton and make sure all the parts listed below are present

2. Mark a desired height of the mirror. Drill the required holes and insert the wall plugs.
Note: Wall plugs supplied are only suitable for solid stone/brick walls. Please ensure the screws are fully tight.

3. Hang the mirror onto the wall. Then drill the holes for the bracket, Please make sure the bracket is centered on the top side of mirror.

4. Make the electrical connections ensuring first that the electrical supply has been turned off. This mirror is a class 1 product and requires an earth connection. It should be installed in accordance with the latest IEE regulations.

5. Hang the mirror onto the wall.

6. Press the icon  to control on/off the lighting. Press 2 seconds the icon  for warm white or cool white color changing.

7. Fix the bracket.

Waste Electrical & Electronic Equipment Regulations (WEEE) requires that any of our products showing this mark (left) must not be disposed of with other household or commercial waste. Bathstore does not levy any WEEE disposal charges to its customers for affected WEEE related products. To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate any such product from other waste types and recycle it responsibly at your local facilities. Check with your Local Authority, Recycling Center or retailer for recycling advice.
