

FORGE

stainless steel single elbow

20004010680

INSTALLATION GUIDELINES

1. Installation should be carried out by a competent engineer, in accordance with water regulations.
2. Ensure the wall is strong enough to support the elbow.
3. Mark the wall before drilling
4. Be aware of the location of pipes and cables behind the wall before drilling
5. Use the appropriate cutting tool for the wall.
6. PTFE tape may be needed to create a water tight seal.

CARE AND MAINTENANCE:

To maintain the appearance of this product, ensure that it is regularly cleaned only using a clean, soft damp cloth. A solution of warm water and a mild detergent may be used where necessary, and then the fitting rinsed thoroughly and wiped dry. Any other cleaning action will invalidate your warranty.

Abrasive cleaners, scouring cleaners and acidic cleaners **must not be used** under any circumstances. Avoid contact with all solvents (including chlorinated solvents, ketones or acetones as these may result in surface deterioration or etching.
