

Made in UK

Please Note:

- Baths should be set at supplied panel height.
- The baseboard is encapsulated into the bath.
- Half the panel clips supplied should be secured (if possible) to the floor.
- Panel clips are not required on double ended baths.

- Before the final fixing of the bath, fit tap and waste fittings using a suitable sealing compound. When complete place the bath into position, re-check levels and make any final adjustments necessary. Finally secure the feet to the floor and the wall brackets to the wall. Movement may occur if not fitted correctly.
- CHECK THAT THE BATH RIM IS LEVEL.

L Shape Bath Installation Instructions

- Read through the instruction booklet first before commencing any work.
If you are unsure of any aspect of the installation, we recommend you contact a reputable tradesperson.

- Prior to fitting your bath, carefully remove all the packaging and film from the bath and examine the bath for damage and suitability of colour match.

- Check the panel fit and match prior to installation.

- Any refixing costs or claims for wrong colour match and/or any other fault will not be accepted after fixing.

No claims for the above will be accepted once the bath is fitted.

Please note, RH L-Shape bath shown for illustrational purposes.
