

Take gaming to the next level - Its like the game exists in your room. Choose from 5 different game modes.

Bird Hunter

Are you ready for hunting season? Hunt different types of exotic birds in a vibrant wilderness environment using an array of different weapons, and finally answer that age-old question, who will win in Bird vs. Rocket launcher?

Alien Invasion

In a galaxy, not that far away...You are humanity's last bastion of hope! Choose from an arsenal of futuristic weaponry including the Rail-gun, Auto-cannon and the devastating Plasma Death-laser and blow those alien invaders to space dust. Battle increasingly di cult

waves of enemies each with different abilities, will you bring peace to the galaxy or succumb to the Invasion?

Precision Hit

Trapped behind enemy lines, can you escape the compound? A reinvention of the classic 'on-rails' arcade shooters. Dodge and weave around enemy bullets, grenades and rockets in an ever-changing environment whilst taking out enemies with precision shooting and superior accuracy.

Z-Town

In a post-apocalyptic world, ravaged by flesh eating zombies, you must do all you can to survive. Defend your base by blowing those zombies to pieces using an arsenal of weapons.

The more zombies you kill, the more weapons and points you receive. Take advantage of new AR features, peer round corners and take down the zombie bosses from the safety of your hideout, but in this haunting world is anywhere... truly...safe!!!

Sky Pirates

One man, one airship and a shed load of pirates! In a time when pirates ruled the seven seas, you rule the skies.

Take to the air and defend your town from the pirate onslaught by firing bombs from above in this unique AR experience. Beware though, the dreaded Blackbeard's fleet of warships are lurking out there somewhere...just waiting to attack!!!
